COMPROMISING VISION:

CONCLUSION:

- Organizational founders and other philanthropic donors want their vision to be followed.
- Boards should seek to:
 - **understand** the vision,
 - **institutionalize** the vision for successive generations of board members, and,
 - where change is needed in the strategic implementation of the vision, **adapt** the vision to the new context.
- In following these guidelines, a foundation is able to *keep the faith while escaping the dead hand.*
